

If you still feel the need to tell someone "in charge" about what they did

TATTLING IS WHEN YOUR INTENT IS TO GET SOMEONE IN TROUBLE

Reporting is when you're trying to get someone out of trouble

What is your intent?

How would your words look to the rest of people you're volunteering with?

Tell your notes app about it first

COMPLETELY UNLOAD WHAT YOUR FEELING. HOW HAVE THEY WRONGED YOU? WHY ARE THEY THE WORST?

Now go do something else. Take a walk, get some sleep. Put time between you and the situation

What does the ideal resolution look like? How can we still fight for the animals?

Before You Retaliate

Check in with yourself

ARE YOU HUNGRY? EXHAUSTED? DID YOU FORGET YOUR MEDS? NEED TO SHOWER?

Take care of it.

You might be the problem

AND OTHER COMRADES ARE MAKING YOU FEEL BAD

You're here to fight for the animals

I THINK YOU'RE ANNOYING

I DON'T LIKE YOUR PERSONALITY

How is this helping the animals?

this is what most our fights are about fr

I DISLIKE ANIMAL ABUSERS MORE THAN I DISLIKE YOU

I CAN BE POLITE DURING THIS DEMO

What if it's me and you against the problem instead?

We don't have to be friends

We must work together

The animals do not care if we are having a good time. They care if we abolish the cruelty towards them

Sidewalks are public and the animals need all the help they can get

FIGHT ANIMAL ABUSE

Not Your Comrades
